Blemish on the peel 5%
Broken 5%
End Pieces (top & tails) 2 unit
Clumps 2 unit

Other

Count³

Insect 0 unit
Foreing Vegetal Material (FVM) 3 unit
Foreign Material (FM) 0 unit

1 Percentage by count

2 Percentage by weight (sample 1 kg)

3 Unit per 1 Kilo

Variety

Fino 49/Génova/Eureka

Microbiology

RAM < 50,000 CFU/g
Yeast & Mould < 10000 CFU/g
Total Coliforms < 100 CFU/g
E. coli < 10 CFU/g
Staphylococcus spp Negative/25g
Salmonella Negative/25g
Lysteria M. Absence

Physical Quimical

Brix 5 -7 °
PH 2,9 - 4

Size

Diameter 40-60 mm 95%
Thickness 7 +/- 3mm 95%

Contaminants

Allergens, heavy metals, y pesticides accordingly with the regulation of the final destination markets.

GMO

100% free of DNA genetically modified and free of proteins derived from genetically modified DNA

Storage

Less than 0°F (-18°C)

Shelf Live

2 year from the date of production

Packaging

Primary packing polyethylene blue bag, secondary packing corrugated cardboard box sealed with blue tape. Label according to costumer specification
Optional palletization

Packing

4x2,5; 10X1 kilo or according to specification weight per box
